

Suction Cup Kit, Assorted 25pc

Split design suction cups, to be used in conjunction with a dent puller and a hot glue to remove dents in vehicle bodywork, without causing damage to the paintwork.

Additional Information

- For use as part of a Paintless Dent Repair, when used with a such as Hot Glue Dent Remover (Part No. 92210).
- Suction cups are split & more pliable than a glue pad, allowing them to deform & pull more from the centre as the metal moves out.
- Suitable for use with Power-TEC Gluematic Glue Gun, Part No. 91237 & glue sticks, Part No. 92342.
- Pads can be removed with a release spray, leave the panel intact & the paint undisturbed, Part No. 92314.
- 5 of each shape.
