

Pneumatic Detail Polishing Tool Kit & Tungsten Burr Set

A comprehensive kit combining the Power-TEC pneumatic detail polishing tool kit (Part No. 92559) with the Laser Tools 10-piece tungsten carbide burr set (Part No. 6989). This air-powered detail polisher is ultra-compact and lightweight, making it easy to use in confined areas. Ideal for spot repair and touch-up work, it allows you to polish and finish areas that were previously inaccessible, such as inside door handles, behind door mirrors, and around grilles and badges. The tool is super-slim, with backing and polishing pads only 25 to 30mm in diameter. The tungsten carbide burs are ideal for cutting, shaping, grinding, and removing sharp edges.

Additional Information

- Includes: flexible shaft, airline adaptor, lubricating oil bottle, 2x wrenches; attachments: 2x backing pads, 2x felt mounted bullet type pads, 2x wool polishing pads, 2x buffing mop pads, 2x lambswool polishing pads, 3x tapered polishing pads, 3x cylinder polishing pads, 8x polish foam pads.
